### 3) Here's How I Will Help My Community

United Way will direct your donation where it's needed most and where it will have the greatest impact. Your donation will support one or more of the three focus areas below, tackling the toughest challenges across our region.

#### Meeting People's Basic Needs

We love where we live. But local issues like poverty, unemployment, addictions, mental health struggles, violence and social isolation are hurting our communities and the people who live here.

With your help, United Way is able to work with funded partners to ensure people have access to food, shelter, employment opportunities, and a chance to stabilize their income—affording them opportunities to build a good life.

#### Helping Kids Be All They Can Be

Every kid deserves a chance to have a great life—to develop from a curious, happy child to a healthy and productive member of society. But in order for that to happen, kids need to be set up for success from an early age. And for those growing up in poverty, witnessing domestic violence, or facing issues like mental illness or neglect, this is often not the case.

Because of your generosity, United Way is giving children and youth the support they need to get a great start in life, do well in school and reach their full potential.

#### Building Strong And Healthy Communities

Your support helps United Way and local funded partners invest in vital, community-based resources that help people receive access to timely, client-focused mental health support when they need it most.

Together, we're creating strong neighbourhoods where everyone has a sense of belonging and connection to one another.
